# Sustainability Matters

We're all starting to realise that the way we live now won't last unless we start making changes. More and more, people want companies to care about the environment and change how they work to help the planet.

So, being eco-friendly is not just the right thing to do, but it's also good for business. It's important for staying popular and trusted, as well as for dealing with potential challenges and changes.

## Time & Cost Matter

But we know that teams are busy, so we've made 'Go Practice Green' easy to start, simple to use, and straightforward to put into action.

'Go Practice Green' not only helps you save money by making things run more smoothly, but it also pays for itself within the first year and then keeps on helping you save.

We make it easy to be more eco-friendly in small, manageable steps. This way, your team can make your practice greener without spending too much time or needing to be experts on the subject.

## Subscription: from ~~£35~~ per month

Partner special - 20% off forever!

£28 per month inc VAT.

- Accountability built in
- Just a few minutes each week
- Delegate to your Green Champion
- Less than £0.93p per day
- Boost reputation, save money

With your monthly subscription, your team gets special access to the 'Go Practice Green' Portal. You'll start with a fun 'lunch and learn' session at the Foundation level to get everyone interested and on board.

Then, your team moves on to the Bronze level, going at their own speed.

1. Choose an area to focus on first.
2. Use the tools provided, like articles, videos, templates, and guides.
3. After finishing all areas at one level, you can get a free digital certificate.

Plus, your membership includes monthly group calls for extra help and shared learning. These calls are recorded, so your team can listen anytime they like.
